## English, Literacy and NTIP

### Beginning Teachers

Provide and support implementation of all components of the New Teacher Induction Program (NTIP) which includes the development and growth of beginning teachers, newly hired LTOs, teachers within years 1-4 and their corresponding mentors. This includes designing, coordinating and implementing the following: orientations; modules of professional learning; conferences; exploration classrooms and other job embedded opportunities at the school, Learning Centre and system level. There is an intentional focus to build capacity of new teachers and mentors in equity, anti-racism, and anti-oppression, to develop the skills needed to provide the most enabling, inclusive classroom learning environment.

## Urban Priority High Schools

Introduced by the Ministry in 2008, the UPHS initiative targets secondary schools in urban priority areas to reach youth in need. Through an application process to the Ministry, 14 TDSB secondary schools were selected to join the UPHS network. UPHS provides resources for schools to work with community partners more closely to identify and respond to issues and challenges faced by students in a focused and immediate way. The program supports students to improve their literacy and numeracy skills, connect with their community, learn valuable leadership skills and plan effectively for their future.

## Health and Phys Ed

Supports schools in providing co-instructional and quality Health and Physical Education (HPE) programs and initiatives for all students to promote healthy active lifestyle. System-wide elementary and secondary Athletics is also supported through this portfolio including the organization of sport specific training for coaches, concussion education for staff and students, costs for permits, referees, medals awards and providing OFSAA opportunities for our schools. Provides professional learning for teachers in curriculum implementation, instruction, safety, assessment, and evaluation.

## Associate Director - Leadership, Learning and School Improvement

### Associate Director - Leadership, Learning and School Improvement - Admin

The Leadership, Learning & School Improvement department includes Special Education and Inclusion, Student Success, Experiential Learning, Leadership Development, Research, all Curriculum areas, Global Competencies, e-Learning, and Digital Lead Learners and Digital Lead Administrator programs. The Multi-Year Strategic Plan and Vision for Learning and Service provide the direction for our work. Our focus is on transforming student learning, ensuring that our students are reading by the end of grade one and have early math skills by the end of Grade Two, creating a more inclusive learning environment for our students with special education needs, and changing structures so the majority of our students are successful in the academic pathway in secondary school.

## Specialist High Skills Major

Supports the Ministry-approved Specialist High Skills Major (SHSM) program which offers students the opportunity to focus their learning on a specific economic sector while meeting the requirements for the Ontario Secondary School Diploma (OSSD). Students gain in-depth knowledge and skills in a specific area, earn certifications and training related to the sector, and participate in experiential learning opportunities including earning credits in cooperative education. Students focus on a career path that matches their skills and interests.

## Student Success

Supports the SSL18 Strategy, a grade 7-12 province-wide initiative, which consists of a range of intentional, coherent actions designed to ensure that every student is provided with the tools to successfully complete their secondary schooling and reach their post-secondary goals, whether they are apprenticeships, college, university, or the workplace. SSL18 Strategy supports our work from the Multi-Year Strategic Plan: Transform student learning; Create a culture for student and staff well-being; Provide equity of access to learning opportunities for all students; Allocate human and financial resources strategically to support student needs; and build strong relationships and partnerships within school communities to support student learning and well-being.

## Special Education - Programs

Develop, implement and provide effective Professional Learning (PL), aligned to the Integrated Equity Framework and Multi-Year Strategic Plan (MYSP), guided by the TDSB System Standards for Professional Learning in response to the needs of TDSB staff and their students with special needs in an inclusionary model of program delivery.

Fosters exemplary practices in assessment and instructional strategies, using evidence-based research and current best practices for students with exceptionalities within Intensive Support Programs (ISPs) and regular classroom settings.

## Special Education - CTCC

Care, Treatment , Custody and Corrections (CTCC) programs support students ages 4-21 at the highest tier of need who require day treatment as well as educational programming. Treatment is offered through partnerships with agencies throughout the city and education is provided by TDSB teachers. Each year about 1500 students are served and effective transitions are supported for a return to mainstreams education.

## Professional Learning

Supports system leaders (both formal and informal) to gain the knowledge, skills and capacities to ensure that equitable practices are in place to improve outcomes for every student. The Professional Learning and Leadership department supports the growth of our school leaders so that they become transformative and influential leaders who adopt an equity lens in every decision that they make. Through our professional learning opportunities, leaders develop content and pedagogical knowledge for leading as they expand and improve their Equity Leadership competencies. We build the capacity of school leaders so they can confidently work with their communities, parents and staff to determine evidence, and monitor to show improvement. We also work with Centrally Assigned Staff and administrators to increase excellence in professional learning (e.g. facilitation, coaching, professional learning design). Professional Learning, Leadership and School Improvement is committed to the professional growth and increased efficacy of formal leaders as they move towards Vice-Principal and Principal positions by offering differentiated learning and leadership opportunities with a focus on the TDSB Multi-Year Strategic Plan.

## International Student Services

International Education and Admissions welcomes students from all over the world to study in TDSB schools. A team of experienced staff ensure that each student is placed on an educational path that suits their interests and they are provided ongoing support to ensure their academic goals and well-being needs are met. In addition, department staff are actively marketing around the world each year in order to continue increasing enrolment of international students in TDSB schools.

<b>International Delegations and Heritage and History Months</b>				
The Toronto District School Board welcomes international delegates from around the globe. Through central presentations and/or school visits, our team organizes an itinerary that reflects the purpose of international delegates' visit to the TDSB. We are proud to acknowledge and honor the diversity of cultures represented at the TDSB by recognizing heritage/history months through the voice of internal and community-based volunteer groups.

## Continuing Education

### Continuing Education - Admin

Delivers quality programming during the day, at night, on weekends and over the summer to approximately 130,000 learners. With more than 350 sites across the city, learners from JK through to seniors learn new skills and connect with their communities in safe and secure environments. Through responsive programming, the department supports student achievement and well-being for all learners. Recruitment of international adult students and fee-for-service programs are also supported. Organizational tasks include staffing, payroll, community relations, marketing, monitoring and reporting of budget, Ministry funding submissions, and enrolment reporting including OnSIS data.

## Con Ed - Adult Credit Day Schools

Five high schools provide adult learners with multiple pathways to successfully earn their OSSD diploma in a quadmastered format. Students have the opportunity to upgrade skills and prepare for the workplace or post-secondary education while earning credits. Examples of specialty programs include Personal Support Worker, Medical Office Assistant, Childcare, Business I.T./Accounting, Carpentry and Hairstyling. Experiential learning is supported through co-op programs. Funded by Ministry of Education (EDU).

## POS Sustainability

### Sustainability Office

The Sustainability Office has three main areas of focus: Environment and Climate Change, Service Excellence, and Standards, Compliance and Building Information Management. The Environment and Climate Change team supports the TDSB in creating environmentally sustainable schools that inspire teaching and learning through its oversight of the EcoSchools program, Active, Safe and Sustainable Transportation and the implementation of the Board's Urban Forest Management program, among other initiatives. The Service Excellence team's role is to support central business and school operations staff in improving its work culture and how it delivers service to school. The SE team is currently working with staff from more than 70 work units to develop and implement annual service improvement plans. The Standards, Compliance and Building Information Management team provides expertise in maintaining facilities-related standards, compliance with regulations, and conformance to industry standards. This team also manages the TDSB's architectural drawing archives and building information management system.

## Capital Services and Data Systems

The unit is responsible for the design, efficient management and delivery of capital construction projects within predetermined timelines and budget parameters; the management of Facility Data Systems, including VFA, the Ministry's Facility Condition Assessment program; and the provision of project administration services for the Board's annual school renewal program. Staffing changes reflect Facility Services reorg with staffing movement among Design & Renewal, Capital Services and In-house admin. Note: Negative salary amounts represent an allocation of costs associated with capital projects.

## Toronto Lands Corporation

### TLC

As a wholly-owned subsidiary of TDSB, TLC provides exclusive real estate and land use planning agency and advisory services through the management of all Board wide related matters. Their services include site acquisitions, expropriations, site reservations and site dispositions. TLC also manages legal agreements such as leases, redevelopment of sites, development applications and City Planning matters and advancing partnerships. They are also involved with the modernization of schools, with integration of provincial, city and local service that create vibrant communities.
