**Secondary Alternative Schools Program: Staffing**

Whereas, in the "Structured Pathways Report" (Parekh, 2013) there is research that states "secondary school students attending alternative schools were much more likely to be at-risk: they were twice as likely to be taking non-Academic courses in Grades 9 and 10, had much lower graduation rates, and much lower post-secondary access, compared to other TDSB students; and yet 72% of students in alternative schools had a sense of belonging"; and

Whereas, many secondary school students, who through circumstances outside of their control become vulnerable and at-risk, deserve to stay in school through the Secondary Alternative School program; and

Whereas, there is concern that the drastic reduction of staff at alternative secondary schools limits the potential for these students to have equitable access to a safe and caring learning environment that leads to a sense of belonging and ultimately, to graduation;

Therefore, be it resolved:

- a) That the Director provide additional staffing for Secondary Alternative schools to ensure that vulnerable and at-risk students maintain their ability access these programs;
- b) That the cost of implementing Part (a) be included as part of the 2021-22 budget process;

- c) That the resolution at (a) be shared with Secondary Alternative Schools as soon as possible.
