TORONTO LANDS CORPORATION

BOARD DECISION ITEM Community Access Agreement: Davisville Junior Public School, 43 Millwood Road

To: Chair and Members of the Toronto Lands Corporation

Date: June 17, 2021

Recommendations:

That the Toronto Lands Corporation (TLC) recommends that:

- The acceptance of funding in the amount of \$85,000 from the City of Toronto to fund costs associated with site improvements at Davisville Junior Public School, as outlined in the Appendix C: and
- 2) Authority be granted for TLC to execute a Community Access Agreement with the City of Toronto for a term of ten (10) years commencing on or about August 1, 2021 with key business terms and conditions as specified herein;
- 3) That the Community Access Agreement be in a form and content satisfactory to TLC Legal Counsel; and
- 4) The report be forwarded to TDSB Board for approval.

BACKGROUND

The Toronto District School Board is planning to make site improvements at Davisville Junior Public School and is partnering with the City of Toronto for funding contributions.

Section 37 of the Planning Act allows the City to collect funds from a development application in return for additional density. The City's policy permits these funds to be allocated toward improvements to school board playgrounds when the playground serves as a local park, where the public will continue to have reasonable access for the foreseeable future, and where there is no local City-owned parkland in the same community and in combination results in a community benefit. As a condition of transferring the Section 37 funds, the City requires TDSB to enter into a Community Access Agreement.

These additional sources of funds create an opportunity for TDSB to make site improvements that provide enhanced learning or physical activity for students and the entire community while strengthening the partnership relationship with the City.

RATIONALE

Toronto City Council has approved a motion (as shown in Appendix A) allocating \$85,000 in funding for site improvements at Davisville Junior Public School. As a result of just being notified (May 31, 2021), of the approved Council Motion and being that the school is opening in September 2021, TDSB would like to make best efforts to complete the agreement, thereby securing funding and have the new playground equipment installed in the Fall of 2021.

The City funded enhancements to the schoolyard (as highlighted in Appendix B1 and B2) is for new playground equipment at the school. The new playground equipment will replace the pre-existing playground that was removed to facilitate the construction of the new school. This new playground equipment will allow children attending the new school and those living in the neighbourhood to participate in recreational activities.

The estimated cost of breakdown for the \$85,000 of City funding is highlighted in Appendix C. This represents the entire cost of the playground and TDSB is not providing any internal funding towards the new equipment.

Key Business Terms and Conditions

TLC has entered into negotiations with the City of Toronto for the required Community Access Agreement. Outlined below are the proposed key terms and conditions and are subject to TDSB approval.

- Date funding is required from the City: August 1 2021 (upon execution of the Agreement);
- Purpose: To fund the construction of a new school playground;
- Estimated construction start: Upon receipt of funding;
- Estimated construction completion: Fall, 2021;
- City's Contribution: \$85,000;
- Term: 10-year term commencing once the construction is completed;
- Termination Clause: TDSB has the right to terminate this Agreement at any time during the
 term by providing at least six (6) months prior written notice to the City for the purpose of sale
 of TDSB Lands or for the purpose of constructing buildings or other improvements on TDSB
 Lands, provided that on termination, TDSB shall pay to the City an amount determined by multiplying the funds by a fraction equal to the remaining number of months in the term divided by
 120.
- Community Access: The school yard area shall be exclusively available to TDSB for use during school days, and operating hours, as amended from time to time, and the City will have access for use by the general public during non- school hours until 11pm.

The negotiated terms and conditions are considered fair and reasonable by TLC and will provide overall benefit to students and the local community. Overall, the project represents a good working framework between two public agencies and demonstrates how different school and community needs can be maximized through the effect utilization of public assets.
